Gashed His Throat with a Razor.

Mr. Bell. Because He Had Been Refused a Drink.

Because a bartender refused to sell him a drink, John Purcell, an inmate of the Soldiers' Home, attempted suicide last night near the corner of North Capitol and H streets by cutting his throat. Yesterday morning Purcell received his pension money, and in company with a number of his comrades commenced to walk home.

On the walk last night he had succeeded in getting thoroughly well intoxicated, so much so that when he entered a saloon on North Capitol street and asked for a drink it was refused him. He left the saloon, and walking to a gas lamp near H street, deliberately took a razor from his pocket and cut an ugly gash in his throat.

John Sullivan and Duncan found the man on the sidewalk in an unconscious condition and lying in a pool of blood. He was taken to the Emergency Hospital and treated by Dr. Hall. His wounds are not considered fatal.

ORGANIZING A BALL CLUB.

Washington Will be Represented in the American Association.

A number of prominent gentlemen who are interested in base ball met in parlor No. 12 at Willard's Hotel last night with the purpose of discussing the organization of a base ball club here. A temporary organization was effected and Mr. Robert M. Harris was called on to preside. He said that the men in the meeting were conducted by every one present to the formation of a base ball club to operate here next year and subsequent seasons. Washington is now a better field for a base ball enterprise than it was ever before. The club that will be organized will have no opposition in this city and will be a club for Washington to be proud of.

Our entry into the American Association is most opportune," he said. "The baseball difficulties have been settled and baseball is now sure to go to front. We have associated with us in this matter gentlemen of the highest integrity and whose co-operation promises success. Already twenty of the forty shares of stock have been subscribed, and but one share can be sold." The organization of grounds is of great importance to the new club, and the site at Eckington which we have in view may have many advantages."

Dr. C. M. B. Harris was elected temporary treasurer, and Thomas B. Kalbfus temporary secretary.

The next meeting will be held on Friday evening in room 12 at the Kellogg Building, when the organization will be completed and additional subscriptions to the stock received.

Among those present at last night's meeting were Messrs. M. B. Scanlon, Henry Bennett, Justus McCarthy, Edwin Sutherland, John J. Hogan, Samuel Trott, R. M. Drinkard and C. A. Bones.
